

To Whom It May Concern:

I was shocked and dismayed to hear that K-LOVE, my favorite radio station, could be replaced by LPFM Radio programming. K-LOVE serves hundreds of thousands of listeners across this country and supports wholesome family values, offering a positive message and encouraging all of it's listeners. We highly value K-LOVE's ongoing service to this community and all communities in their listening area. Please take our feelings into consideration.

Sincerely,

Samantha Lewis
